ACADEMIC EXPERIENCE

Rolando M. D'Angelillo is Associate Professor in Radiotherapy (MED/36) at the Department of Biomedicine and Prevention of the University of Rome Tor Vergata. The scientific activity is focused on the treatment of oncological pathologies, with particular reference to prostate, lung and breast cancer. In this context he is collaborating in national and international clinical research on multimodal radiation and pharmacological treatments, on the development of radiomic features in breast and lung cancer, on the use of stereotactic treatment in new clinical indications. Teaching assignments are at the Faculty of Medicine and Surgery both in the context of the master's degree in Medicine and Surgery in Italian and in English, in the degree course in dentistry, in the three-year degree courses in medical radiology techniques for imaging and radiotherapy, dietetics . Director of the School of Specialization in Radiotherapy and lecturer in masters and specialization schools at the same university. He is Vice-President of the Italian Society of Uro-Oncology (SIUrO) since 2022, Coordinator of the methodological group for the AIRO Guidelines (Italian Association of Radiotherapy and Clinical Oncology) since 2018, Member of the Board of Directors of the Italian Society of Uro-Oncology (SIUrO) since 2018, Member of the Board of Directors of AIRO (Italian Association of Radiotherapy and Clinical Oncology) for the three-year period 2021-2024, member of the panel of drafters for the guidelines on prostate cancer. He is also currently Director of the Radiotherapy Department at the Tor Vergata Academic Hospital. As can be deduced from the SCOPUS data, he is the author of 129 scientific publications indexed on SCOPUS, with an h-index of 23.

EDUCATION

- Associate Professor at Tor Vergata University (2019)
- Assistant professor of Radiation Oncology at Campus Bio-Medico University (2008)
- Fellowship in Radiation Oncology (2003)
- Master Degree in Medicine and Surgery (1999)
