2. INFORMATION

Attendance is compulsory

• Lessons: at least 67% of each subject and 40% of each module

Clinical Practices: 100%

Preparatory exams

- · Biology and Genetics for Physiology
- · Chemistry and Introductory Biochemistry for Biochemistry
- <u>Histology and Embryology</u> and <u>Biology and Genetics</u> for <u>Immunology and Immunopathology</u>

Year-to-year transition requirements

- To enrol in the second year: two exams of the first year (CP I and Scientific Writing and Research Communication are not valid)
- · To enrol in the third year: all the exams of the first year
- To enrol in the fourth year: all the exams of the first two years and one exam
 of the third year
- To enrol in the fifth year: all the exams of the first three years except Systemic Pathology I
- To enrol in the sixth year: all the exams of the first three years and four exams of the fourth year, including Anatomic Pathology and Pharmacology

These blocks must be overcome within the end of the winter session (February) of the year of concern.

Non-italian citizens must present a B2 certificate of Italian language to enrol in the fourth year, issued by one between: *Università per gli Stranieri di Siena; Università per gli Stranieri di Perugia; Società Dante Alighieri; Università degli Studi di Roma Tre*.

Practical examples:

- A student attending "Biology and Genetics" must have at leat 67% of attendances of the whole subject and at least 40% of attendances for the single modules "Applied Biology" and "Medical Genetics" in order to take the exam
- A student entering the third year in the a.y. 2022/2023 must pass all the first year exams by the end of February, 2023

Students must have the required attendance percentage to enrol in the following year; should this not be the case, they must enrol as RIPETENTE

Should students have reached the minimum percentage of attendances but not the required number of exams, they must enrol as FUORI CORSO

Note that, among clinical practices (CP), only CP III and CP VI are counted in the 36 programmed exams. However, all but CP I and CP II have a grade.

3. EXAM REGISTRATION

Once exams are passed, they are officially registered by the Student Secretariat and it is possible to find them on Delphi. Therefore, the following pages are just intended for consulting purposes on behalf of the student and of the examining commission, to check whether possible preparatory exams have been taken.

EXAM	GRADE	PASSED ON (date)
Scientific Writing and Research Communication		
Chemistry and Introductory Biochemistry		
Physics and Statistics		
Human Anatomy I		
Histology and Embryology		
Biology and Genetics		
Human Anatomy II		
Immunology and Immunopathology		
Biochemistry		
Physiology		

EXAM	GRADE	PASSED ON (date)
Microbiology		
Clinical Symptomatology		
Laboratory Medicine		
General Pathology and Pathophysiology		
Human Sciences		
Systemic Pathology I		
Systemic Pathology II		
Public Health		
Anatomic Pathology		
Pharmacology		
Systemic Pathology III		
Diagnostic Imaging and Radiotherapy		
Diseases of Muscoloskeletal System		

EXAM	GRADE	PASSED ON (date)
Neurological Sciences		
Psychiatry		
Obstetrics and Gynaecology		
Paediatric Sciences		
Internal Medicine and Medical Genetics		
General Surgery		
Specialistic Disciplines		
Dermatology and Plastic Surgery		
Forensic Medicine		
Emergencies		

4. MID-TERMS

NAME	PART OF EXAM	PASSED ON (date)	GRADE	SIGNATURE

5. CLINICAL PRACTICE

NAME	PASSED ON (date)	GRADE/ IDONEITY	SIGNATURE
CLINICAL PRACTICE I		Idoneo/a	
CLINICAL PRACTICE II		Idoneo/a	
CLINICAL PRACTICE III			
CLINICAL PRACTICE IV			
CLINICAL PRACTICE V			
CLINICAL PRACTICE VI			

The next twelve pages include clinical practice tables, divided by year and left blank on purpose, where the student can record every information relative to each module of the single practice and the signature of the referent professor.
