

SATISFACTION QUESTIONNAIRE

QUESTIONS

Content & Organization

1. The course material provided new knowledge.
2. The learning objectives were clearly stated at the beginning of the course.
3. The lectures and activities were logically organized, making the content easy to follow.
4. The additional resources and materials (slides, handouts, readings) supported my learning effectively.

Teaching Effectiveness

5. The lectures were engaging and relevant to the subject matter.
6. The instructors demonstrated expertise and strong knowledge in the topics covered.
7. The instructors communicated clearly and addressed students' questions effectively.
8. Practical sessions (labs, bedside teaching, clinical cases) reinforced the lecture topics well.
9. The instructors used the scheduled hours productively to cover all essential parts of the syllabus.

Overall Experience

10. The course helped me develop clinical and critical thinking skills.
11. The overall organization of the course contributed to a positive learning experience.
12. I feel this course has prepared me well for the final examination and future practice.

Score (1 to 5)

- 1 – “unsatisfactory”
- 2 – “poor”
- 3 – “satisfactory”
- 4 – “good”
- 5 – “excellent”

1ST SEMESTER AY 2025–26

Students' overall satisfaction

- 1ST YEAR: 4.63
- 2ND YEAR: 3.32
- 3RD YEAR: 3.33
- 4TH YEAR: 5
- 5TH YEAR: 3.6
- 6TH YEAR: 4.89
